

Send Us Your Hybrid Data

Hybrids are relatively new to the market and there is a strong interest among many parties to share information and get updates on issues such as fuel performance, reliability, repairs, operator experiences, etc.

We would like to invite you or your organization to submit your data and experiences with hybrids and we'll share it with others via this website. Information is welcome from Canadian, American and international sources.

Contribute

If you have accurate records, please complete the Performance Data Form and submit it to us.

If you would like to start keeping accurate records, you can track your performance using the Hybrid Log.

If you would like to contribute your general experiences and impressions of driving a hybrid please complete the Hybrid Experiences Form.

Submit completed forms as attachments [here](#).

Important Notice: All information submitted will be considered public and, at the sole discretion of the Fraser Basin Council, may be published on this website. By submitting information to the Hybrid Experience Report, you hereby grant the Fraser Basin Council permission to publish your information in any forum including this website.
